Redcliffe On The Murray

About Redcliffe On The Murray

Redcliffe barn was one of the first wheat producing farms in the Peel and Murray region. Joseph Cooper immigrated from England in the early 19th century and settled in the Murray region, producing wheat and transporting his produce to Fremantle by horse and cart. Redcliffe barn (Redcliffe on the Murray) is a replica of the original barn built by Joseph Cooper. It is now a fully liquor licensed Music Venue, Restuarant, Wedding and Function Venue. We predomintally serve food from our extensive menu and are proud to share our family friendly venue with all.

Ceremony
